Dear Parents and Carers,

From tomorrow, the only students who will be permitted to attend school during stage three restrictions fall into three categories:

- Students with disabilities
- Students who are at risk
- Students who cannot be cared for at home because their parents are "permitted workers".

This third dot point is the grey area that we are currently waiting for clarification.

The Education Department is yet to send out the Operational Guidelines to schools that will define "permitted workers".

As soon as this document arrives in the school there should be clarity regarding which children are permitted to attend school.

I will be sending a much more detailed email to parents later in the day.

All the best,
