## Principal's Message - Mr Troy Woolley

Welcome back to school for term 3.

As we return this week it has been absolutely freezing outside, however, term 3 is the term where the weather usually ends up amazing as we progress.

### GRADE 3/4 PROGRESS

At this point we were hoping to have our new classroom up and running. Unfortunately, the applicants that applied for the teaching role were not suitable and we did not make an appointment. We have since been advertising without applicants applying. We will continue to work in this space and hopefully this process does not take too long.

While we continue to progress with the recruitment process we have consulted with families, school council, teaching staff and DET as to the best approach to classroom composition of students. We have decided that students will be selected by teaching staff taking into account students that will transition well, a mix of abilities and friendships considered. We will additionally consult with parents before a final decision on the students selected.

### BUILDING PROJECT

During the holiday break a number of building companies have been through the school to apply for the contract to complete our toilet block upgrades. The tender process closes on 31st July and then a contractor will be selected to complete the project. The timeline has not been decided at this point. More information will be shared as we find out. Exciting times to have a building project happening at school.

### NAPLAN RESULTS

NAPLAN results were sent home this week for our grade 3 and 5 students. As a school it was great to see that our results are on an upward trend compared to previous years. In particular, our writing results were on above the National average for the majority of our students. It is great to see that our approach to curriculum is assisting our students to progress positively.

### FORTHCOMING EVENTS

## REMINDER: NATHALIA PRIMARY SCHOOL IS A NUT FREE SCHOOL ENVIRONMENT

A reminder to families that in 2024 we made the decision to make Nathalia Primary School a **nut free** school. This decision was made in the interest of safety for staff and students who have nut allergies.

In the past, we tried to manage this at an individual class level, however, we had instances where this was not successful.

We understand that this may be frustrating for some families, although, the safety of everyone at school is something we take seriously.
